https://en.wikimarefat.ir/view/MediaWiki:Apihelp-query%2Bdeletedrevisions-extended-description

MediaWiki:Apihelp-query+deletedrevisions-extended-description

May be used in several ways:

1. Get deleted revisions for a set of pages, by setting titles or pageids. Ordered by title and timestamp.
2. Get data about a set of deleted revisions by setting their IDs with revids. Ordered by revision ID.
